TODAY'S MARKET REPORT.

Chleago, Aug. 17.—WHEAT—Storms over a wide area and a forecast of more led to a decided advance today in the price of wheat. It was feared that threshing and shipping would be interfered with to a serious extent. Receipts here showed a material falling off as compared with yesterday. On the other hand, a fresh decline in sterling exchange counted somewhat against the buils. Opening prices, which ranged from ½c off to 1½c up with September at \$1.04% to \$1.05%, and December at \$1.04% to \$1.05%, and December at \$1.04% to \$1.05, were followed by material gains all around and then to moderate setback.

The close was strong with September at \$1.05% @1.05% and December \$1.05% @1.06% an advance of 1½c to 1½@1½c net.

CORN—Corn swayed with wheat. Trade was not heavy. After opening ½c to 1½c higher, with September at 74½c to 74%c and December at 63%c the market scored some further gains before beginning to react.

The gag was offered by counsel for Warden Botkin after the warden had asked Jones to resign, given him a flattering letter of reference and, according to Botkin's statement, learned that Jones was presumed to have been implicated in the death of Thomas.

Cross-examination of Jones was resumed this marning. Edwin Me-Keever stated he would conduct redirect examination.

Following the taking of the testimony of a dozen witnesses in Topeka the commission will go to Lansing where a number of witnesses are to be examined.

Kansas City Stock Yards, Aug. 16.—There was a suspicion of strength in the cattle market late last week, killers picking up everything freely, but liberal supplies around the market circle today removed the bloom, and sales are called steady to 10c lower. Receipts here are 17,000 head, the largest supply this season, and well distributed as to quality and breeding. Top corn fed natives sold at \$9.90, a number of sales around \$9.75, mixed yearlings \$9.85, prices steady with last week. The middle grades sold 10c lower in some cases. Kansas pasture cattle sold steady to 10c lower, to both killers and feeder buyers, at \$7.75 to \$8.60 for most sales. It was predicted that feeders would undergo a break today, but there was outlet for them at only slight reduction from the close of last week, though 15 to 35 cents under a week ago. Some good 1100 pound kansas feeders sold at \$7.90. Stock grades are 50 cents below a week ago. A drove of good reds and blacks weighing 800 pounds sold at \$7.00, which would have brought \$7.50 or better a week ago. Good 900 pound shorthorn feeders, thin fleshed, sold at \$6.75, and useful stock cattle can be bought at \$6.50. Breding beifers are selling higher than anything else on the list, a four car drove of yearlings today at \$7.50, weighing 590 los. with nothing extra in the way of breeding. Quarantine receipts were 47 cars, market stendy to 10c lower, fed steers, \$7.75 to \$8.50, Oklahoma grass steers, \$6.90 to \$8.85, wintered steers \$7.60.

Hogs sold strong to 5c higher to order buyers, and steady to packers. Receipts were 5.000 head, order buyers paying \$7.35 to \$6.75, and heavy hogs at \$7.00, which packing house is buying hogs at Omahs to a very large extent, and claim they are getting house is buying hogs at Omahs to a very large extent, and claim they are getting their hogs much cheaper

by that method than they could buy them by that method than they could buy them here.

Sheep and lambs are 15 to 25 cents lower today, following weakness Thursday and Friday. Receipts were light here, 6,500, but heavy at Omaha and Chicago. Medium native spring lambs sold at \$8.13, choice Utahs at \$8.45, which defines the range on spring lambs. Fat ewes sold at \$5.00 to \$6.60, and breeding ewes \$6.00 to \$0.75, feeding lambs, \$7.50 to \$8.90. Feeding and breeding ewes \$6.00 to \$6.75, feeding lambs, \$7.50 to \$8.00.
